

How to organize the Virtual Desktop Infrastructure (VDI) to provide the computer classrooms services to teachers and students?

Do exercises using Matlab for simulations

10s Teachers
(Patrick Thiran)

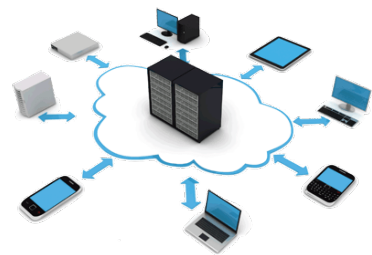

Computer classrooms services

Business services

Understand Prof. Thiran's course

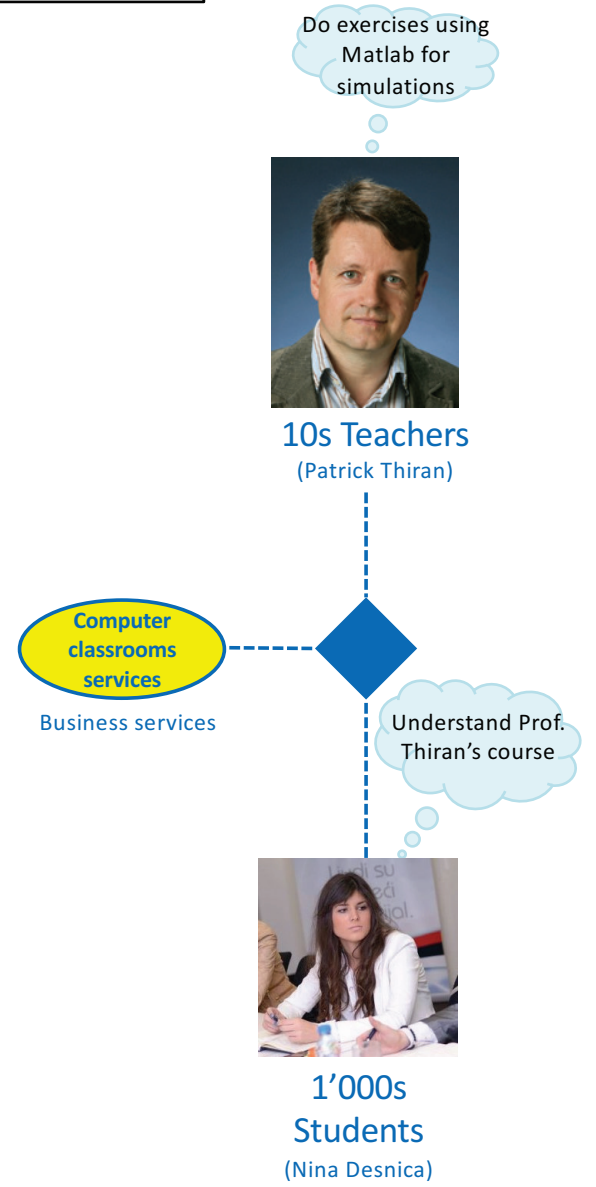

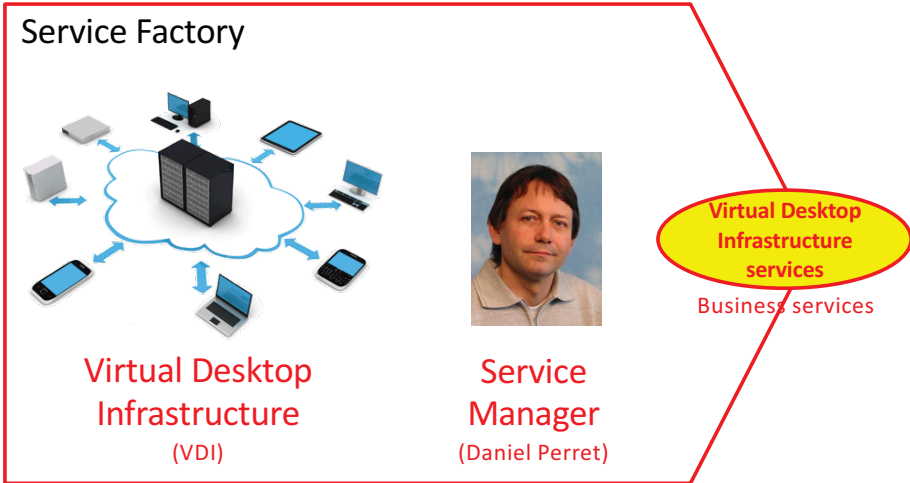

1'000s Students
(Nina Desnica)

Virtual Desktop Infrastructure (VDI)

1) Define the organization that provides the “technical service” (technical support)

2) Define the organization that provides the “business” service (relation with teachers and students)
